

## CUTS Institute for Regulation & Competition

### **Training Programme on Anti-dumping, Anti-subsidy and Safeguard Measures**

#### **Are you**

- An executive dealing with corporate affairs and business decisions related to international trade?
- A corporate lawyer advising clients on trade remedy laws and related compliance?
- Any others interested in the application and implementation of trade remedy laws?

#### **If you are**

This three-day CIRC Training Programme on Anti-dumping, Anti-subsidy and Safeguard Measures can strengthen your professional skills on how to address issues relevant to trade remedial measures which will help you maintain your position in domestic and foreign markets, especially at this time when trade protectionism is growing.

#### **You will gain the following**

- Knowledge of WTO Agreements and Indian laws and practices on anti-dumping, anti-subsidy and safeguards issues
- Understanding of the procedure involved in making applications before the requisite authorities
- Understanding of the technicalities of the investigations conducted

#### **Rationale**

Economic recession is leading to greater protectionism around the world. Given the current economic situation, many industries may not be able to compete with imports. India has laws and rules on all the three trade remedies available under the WTO framework, i.e. anti-dumping duties, countervailing duties and safeguard measures. Knowledge of these laws and their operation will be useful for the industry as well as for other relevant stakeholders. This programme will provide practical inputs on issues such as calculation of dumping margin and injury and protection of one's exports from the imposition of trade remedial measures in export markets.

#### **Content**

- Overview of the WTO Agreements on Trade Remedial Measures
- Strategies and Approach to Anti-dumping, Anti-subsidy and Safeguard Measures against Indian Exports
- Indian Anti-Dumping and Countervailing Duty Law and Practice
- Concepts and Issues in Dumping Margin Calculation
- Issues of Injury and Causal Link
- Indian Safeguard Duty Law and Practice, and Product-Specific Safeguards on Imports from China
- Overview of Requirements for Filing Applications before the Designated Authority
- Data Compilation for Initiating and Facing Trade Remedial Measures
